

Community Services Team organizes the Winter Festival

The Community Services Team recently organized the Winter Festival at the Ahmadi Park – Baseball Grounds. The exhibition, which was held over a period of three days, was inaugurated in the presence of TL Community Services Mr. Hassan Al-Shammari, TL Building Maintenance Mr. Munther Al-Fawzan, and TL Health Safety & Environment (Admin.) Mr. Yousef Al-Qallaf.

The exhibition featured several sections including picnic and camping supplies and accessories, garden, children, miscellaneous, traditional cafes, restaurants. In the meanwhile, the three Team Leaders toured the sections and met with the exhibitors (more than 80), including small entrepreneurs, as well a special participation of Mopar International Team of Classic cars.

The Reverse Point Count System was launched as a new environmental initiative in coordination with the Kuwait Environment Public Authority. The system focuses on recycling used plastic, metal and glass to utilize them in other projects.
